Globalink Research Internship (GRI) – Summer 2026 Partner Eligibility Requirements Form

INTRODUCTION

This document is used to collect Partners' eligibility requirements, which are published on the GRI website and built into the student application portal. It is critical that we have all requirements at this stage so that our process is fair and transparent. It ensures the student applicants are clear on all requirements for participating in this program.

INSTRUCTIONS

Please review last year's eligibility criteria below. If you would like to make any updates, please enter your updates using the form below. Otherwise, please leave blank, and we will use last year's eligibility criteria.

DEADLINE

This form must be returned by **May 23, 2025.**
